GAMMA GS 08 SLIM VB

ENCLOSED SUBWOOFER

The **GS 08 SLIM VB** is the ready-to-install enclosed subwoofer with the GS 08 SLIM. The vented enclosure is only 138 mm high and fits in the boot, under covers or behind seats. Both voice coils are wired in series at the factory, giving 4 Ω at the terminal. With the GLADEN ATM module (accessory) it can be upgraded to an active subwoofer.
